Hi Jen,
Were you able to speak with Sherrel, or Kevin W., or Tom Connors about the costs and methods they've used?
Thanks.

4 o clocks work for me and for HDR. I can come down to 18 if the small conf room is available at that time near you.

Hi Jennifer,
Would 4:00 work?

Mike,

HDR would like to speak with you and I about some changes to the well construction at NCHGW OU3. I took a look at your calendar and saw some availability tomorrow between 10 am and noon and then again after 3. Could you let me know if you are available for about a 30 minute call with HDR and if you have a preference for time.

Thanks in advance,
Jen
